AutoCAD was first released in December 1982 as a desktop app running on microcomputers with internal graphics controllers. Before AutoCAD was introduced, most commercial CAD programs ran on mainframe computers or minicomputers, with each CAD operator (user) working at a separate graphics terminal. In 1986, Autodesk introduced AutoCAD R14, a major upgrade to AutoCAD for the Apple Macintosh. The new version featured extensive 3D modeling and rendering capabilities, integrated parametric modeling, and a form-based GUI which greatly enhanced the modeling and drawing capabilities. AutoCAD and AutoCAD LT (for laser plotters) were introduced in 1991. AutoCAD LT was the first fully integrated CAD program for the laser plotting market, including its own PostScript printer driver. Later versions of AutoCAD LT were available for Windows, Unix and Macintosh operating systems, and it was capable of importing and exporting from and to the .dwg file format, one of the most widely accepted file formats for CAD. In 1993, Autodesk introduced AutoCAD Architecture and introduced the concept of a "BIM Collaboration Suite" or BIM suite, which was an integrated package of software tools for working in the building information modeling (BIM) environment. The AutoCAD 2018 release introduced an Autodesk Platform, which is a central development

## AutoCAD [Win/Mac] 2022 [New]

History AutoCAD is a product of Autodesk, a company which was founded in 1969 by Justin Kamal. The founding date is given as Oct. 11, 1969, but some sources claim the founding date as September 1971 or 1972, when the first version of AutoCAD was released. Autodesk's first office was in California, but in 1982 it moved to its current location on June 28, 1982, in San Rafael, California. In 1998, Autodesk Inc. was sold to private equity firm The Carlyle Group, as one of the company's first acquisitions. In 2002, Autodesk was bought by a consortium of investors. The largest shareholder, with 35%, is The Blackstone Group, a private equity firm that specializes in technology investments.
