Arise, Tarnished As a normal player, you are invited to rise as a character who has been granted a gift of birth by fate. Proceed in search of and quest for the missing ancient books of the east. • Developed by Cygames, a Disney Company • Guardians of the Multiverse, a game developed by Cygames, will be released on the PS4 computer entertainment system in the west in early 2018. LIGATURE ENCLOSURE WEAPON COMBAT GUIDE WEAPONARY METHODS STAMINA SHIELD CRAFTING ONLINE/ASYNCHRONOUS INTERACTION ALCHEMY OTHER WEAPONARY METHODS Physical weapons provide damage in direct proportion to the force exerted on them in combat. As the amount of force exerted increases, the amount of damage increases in a linear manner, while more force exerts less damage in an exponential manner. If the wielder is able to overcome the target's defense, the target will be knocked unconscious, and a battle against the wielder begins at the target's wake-up state, if the target is not defeated. The physicality of a weapon is synonymous with the physical strength of the wielder, and a weapon that is wielded by a weak-willed user will not deliver the expected damage. A weak weapon cannot be used to attack, but can be used to block enemy blows. When wielding a shield, if the user is able to overcome an enemy's physical attack, the user will get a close-range attack gauge filled and the shield can be used to counterattack. The amount of damage and stability provided by a shield are linked to the user's agility. When a user is stunned, unable to move, or uses a spell that prevents them from using weapons, their ability to wield a weapon is temporarily disabled, but they do not lose their life, and their weapon will follow their path of movement. Non-combat weapons do not provide any damage, and will not be triggered by enemy attacks. While using a non-combat weapon, whether that be an item or hand item, the user can use an interaction or skill, or use a weapon. A user who has a shield equipped can use a shield in addition to their weapon, however, the shield will be constantly blocked unless
