The ELDEN RING is the embodiment of the mighty force of fate, and the source of the enigmatic power of the Lands Between. The power and aura of the ELDEN RING are transmitted into the Lands Between through the Gullian Grimoire which you pick up after your first meeting with the divine maiden Reisia. Until now, the Lands Between has been in a state of perpetual war. The faction that is strongest in the vicinity of the ELDEN RING will be declared the ruler of that area. The Lands Between is divided into several regions. Be wary of these regions; as long as the region of control is not claimed by one faction, you can freely travel in those lands to explore and acquire goods. You can obtain the ELDEN RING from Reisia, the Divine Maiden, and through competition with the rest of the Lords. In the beginning, when you first obtain the ELDEN RING, you will be unable to perform any action unless you have obtained a refund for your starter items or a refund for your master quests. Once you have obtained the refund, you will be given the option to equip an item. When you equip an item, you can gain magical force. As you gain magical force, your equipment and items may change. When you become a Lord, you will be able to equip a bonus item. Equipment can be used three times per game day (7:00 PM through 6:59 AM). The first time that you use an item, it will consume its magical power. If you use the same item again, the magical power of the item will be reduced, and if you exceed the limit of three uses, you will lose the item. Your equipment can change in two different ways. First, the equipment you pick up during quests will change with time. As you play, you will receive equipment that corresponds to the situation that you find yourself in. Second, the equipment will change according to the number of items in your inventory. The max. number of items you can equip is nine.
